

# Jai Jagat 2020 (Peace to the world)

A Global Movement  
Linking Diverse Struggles:

Deepening Justice  
Promoting Nonviolent Societies  
Expanding Ethics

# Deepening Justice

Respecting all living beings.

Promoting the well-being of all (Sarvodaya)

Promoting social redistribution rather than  
personal accumulation.

# Promoting a Nonviolent Society

Developing a self-sufficient, self-governing society

...

Harmony between human beings and between  
human beings and nature

'Bottom-up' development processes

Dialog as a means of resolving conflict

A society that brings nonviolence and peace into the  
economy, politics, education, culture and other social  
spheres.

# Expanding Ethics

“Everything that is economically "correct" need not be ethically correct”

Replacing Greed with Need

Replacing Mass Production with Production by the Masses

Replacing Physical Force with Moral Force

Importance of the Means not only the Ends

# Four Streams

- **Women's International Network for nonviolent Action**  
(Engaging women in peace building + nonviolence)
- **Nonviolent Economy**  
(participatory, all-inclusive bottom-up economy, based on non-exploitation of human beings and natural resources for the well-being of all)
- **New leadership building for social action**  
(for example: national action in India ; march from Delhi to Geneva by 150 young people?)
- **March on Geneva**  
(2 weeks mass action in Geneva and local actions around the world for change in policy at an international level)

# Scaling Up Nonviolent Campaigns
